Summary

Use IRCamera Housing together with the PS Eye camera arms

3D Printers > 3D Printers - Upgrades

Tags: [raspberrypi](#) [raspberrypicamera](#) [ircamera](#) [ov5647](#)

Because I had previously used the ps eye camera I wanted to use the arms again and decided to adapt the housing for the IR camera. Therefore, it was also necessary to adjust the arm so that the connection was changed by 90 degrees on one side.
